

Protocol Amplifier (a Google project™) – Shortcuts

Audio-only mode

For the alien races which prefer audio communication.

To initiate:

- 1) Sing opening riffs of *Friends* theme
- 2) End it with a ribbit.

Visual-only mode

For those beings which prefer visual communication.

Cultural reminder: The ω Banfflim4ore do not see the Standard Visible Spectrum.

To initiate:

- 1) Dance “The Robot”
- 2) End by simulating vomiting

Florgb-only mode

For those beings which prefer florgbi communication (notoriously missing on Earth)

Cultural reminder: Humans of Earth do not perceive florgbi.

- 1) Crimx a folk florgi crink
- 2) Blorch the lipx fipps

“Hype Man” mode

The Earth custom, for *every* communication, is to be accompanied by a “Hype Man.”

Cultural reminder: HARVESTERS, known on Earth "caucasians," are often intimidated by this dialect.

- 1) Make an incendiary statement, sometimes called “hot take.”
- 2) Open arms wide, look around the room
- 3) Optional: cry “does anyone hear this?”

Perfect Mirror mode

Many beings (especially those with too many eyes) prefer to have redundancy in their visual fields.

This invention is trained to perfectly mirror a recipient.

To initiate:

- 1) Be a fucking failure
- 2) Be an embarrassment to your mother
